## Six Hours of Studio Cycling

Register your team now for Stratford's 5<sup>th</sup> Annual Positive Spin Six-Hour Studio Cycling Enduro

Stratford General Hospital • June Blanch Lobby  
Saturday, March 24, from 10 a.m. to 4 p.m.

Test yourself against the city's top indoor cycling instructors in this fun, team-oriented fundraiser for Stratford General Hospital. Reserve a bike for your team today by calling Healthworks at 273-3107. Participants are asked to raise a minimum charitable donation of \$25 a person through their own contribution and other pledges.

### Event Format

Here's how it works:

Each pre-registered team gets one bike. Teams can comprise two to eight cyclists. Team members can ride for as little or as long as they want. Switch as often as you want, but your team has to get through the six hours!

Our instructors are the best of the best from the Healthworks, YMCA, Bodyforme, GoodLife Fitness and BodyMoves.

We've got prizes for best team uniforms and most pledges raised (team and individual) along with hourly draws.

We'll have some refreshments, but you'd better bring your own water. You're gonna need it!

To reserve your team's bike, call Healthworks at 273-3107.

### **Come out and support our cyclists**

For more information, call Scott at 271-2222 ext. 212  
or Joy at 271-0055 ext. 2277

## Making a Real Impact

It's here, fresh out of the box. Stratford's MRI arrived just before Christmas and the final touches of construction and training are nearing completion. Already we've scanned a handful of patients—the first of some 3,100 patients from our region each year who will now have quicker, easier access to this incredible piece of diagnostic equipment with no need to travel to centres like London or Owen Sound for a scan.

Life changing—even life saving—the MRI is an indispensable tool for the fast, accurate diagnosis of various cancers, stroke, brain tumors, multiple sclerosis and other life-threatening conditions. Its impact will be felt by each of us—in our own communities, neighborhoods, even within our own families.

While the provincial government will fund the cost of the 3,100 scans per year, purchasing and paying for the MRI is the responsibility of the Hospital. We must rely on the support of people who care and share our commitment to improved health care.

And like a marathon—or a six hour cycling enduro—it's often the last bit that's the hardest. With just \$1 million left to raise in our \$3.8 million MRI (Making a Real Impact) Campaign, your support is needed now more than ever. Please join us.

This year's event proceeds will help purchase essential MRI Suite equipment—a gift that will touch the lives of many.

Please make cheques payable to

Stratford General Hospital Foundation

An official tax receipt will be provided by the Foundation for all contributions of \$10 or more.

To us, every donation is precious... every donor is priceless.
